A visit to Lions Tigers & Bears is informative and inspirational. Bears once confined in concrete pits, lions previously prodded to perform tricks, and baby tigers torn from their mothers to be drugged, chained and posed for photo ops - all now have lifelong refuge and care. Rescued from squalid conditions, these animals enjoy expansive habitats with green grass, refreshing ponds, nutritionally-appropriate diets, veterinary care, behavioral enrichment, and clean air, under sunny blue skies. Proceeds from sanctuary visits and events support lifesaving rescues and lifelong care for rescued animals. Reservations required for all visits.
